

Hospice of the Nature Coast Recognizes LeBrun and Hollingsworth

HIGH SPRINGS, Fla. – At its annual volunteer recognition luncheon, Hospice of the Nature Coast recognized Helene LeBrun of Alachua and Belinda Hollingsworth of High Springs for their outstanding contributions during 2009.

LeBrun was spotlighted for her accomplishments serving patients and their families. A retired nurse, she has been sharing her comforting and caring spirit with Hospice of the Nature Coast patients for more than two years. “Helene goes above and beyond the basic activity of visiting patients by introducing a vibrant personal touch to each occasion,” explained Volunteer Services Manager Emily Hines.

Hollingsworth devotes her energies to helping customers and decorating at Hospice of the Nature Coast’s Thrift & Gift Shoppe in High Springs. Revealing Hollingsworth’s list of accomplishments, Hines painted her as a mentor who is a tireless worker, willing to do anything which needs to be done.
